GOPAL KUMAR PODDAR

Darbhanga, Bihar
gopalkumarpoddar005@gmail.com
+91 7827938556
https://www.linkedin.com/in/gopal-kumar-poddar-95592a2a1/
https://github.com/gopalkumarpoddar005

Skills

Software & Tools: MATLAB, Proteus (PCB design), Firebase, C, C++, HTML, CSS, JavaScript, SQL, DSA(Learning), python, MIT inventor

Hardware: Arduino, Microcontrollers, iot

Technical Skills: Circuit Design, PCB Layout, Digital Communication, digital processing and imageing, wirless communication,

Projects

Dukaan (https://gopalpoddar005.github.io/MY-FIRST-PROJECT/)

Built a visually appealing e-commerce website using HTML and CSS, showcasing strong understanding of frontend development, UI design, and responsive layouts**.**

Gopal Portfolio:- (https://gopalpoddar005.github.io/gopal-portfolio/)

This portfolio website project demonstrates my ability to design and develop a fully responsive and interactive web application using modern web technologies. The project integrates front-end technologies like HTML5, CSS3, Bootstrap, and JavaScript to create an attractive and user-friendly interface.

Through this project, I gained practical experience in building structured web layouts, implementing responsive design, and adding dynamic features such as smooth scrolling, animations, and a functional contact form using EmailJS. It also reflects my understanding of UI/UX principles and real-world project development.

Overall, this project highlights my skills as a Full Stack Developer and showcases my capability to build scalable and professional web applications. It serves as a strong foundation for developing more advanced and industry-level projects in the future**.**

Experience

Telecom Intern — Dec 2025 – Jan 2026

Bharat Sanchar Nigam Limited (BSNL), Saharsa, Bihar

- Gained hands-on exposure to wireless communication, switching systems, and exchange operations.
- Worked with broadband services, networking basics, and transmission media (optical fiber & wireless).
- Observed real-time telecom infrastructure maintenance and field operations.

Power Transmission Intern — June 2025 – July 2025

Bihar State Power Transmission Company Ltd. (BSPTCL)

- Learned fundamentals of power transmission systems and electrical substations.
- Studied high-voltage lines, transformers, protection basics, and electrical safety.
- Assisted in power system operations and technical documentation.

Electronics Design & PCB Intern — Jan 2024 – Jan 2024

- Designed and simulated electronic circuits using Proteus; created basic PCB layouts and routing.
- Implemented Arduino interfacing, circuit testing, and troubleshooting

Education

Bachlor of Technology(B.Tech) — **2022 to 2026**
From- Supaul College Of Engineering, Supaul
Branch-Electronics and Communication Engineering
Semester-6th
CGPA-7.04

Senior Secondary (Class 12th), Science — **2018 to 2020**

From-L.C.S. College, Darbhanga

Percentage – 70.5%
